Looking after your
loved ones...

Individual Cremation

At **Silvermere Haven**, we provide a dignified and personal approach when caring for your beloved companion. Whether you need us to collect your pet from your home or veterinary practice, or you would like to bring your companion to the crematorium, peace of mind is assured.

Your pet will be cremated individually and the ashes presented in one of our hand selected caskets or urns, with a certificate confirming the individual cremation.

Carefully packaged, your pet's ashes will be returned back to your veterinary practice. Alternatively, please contact us to arrange collection from the crematorium, where you will receive a warm welcome.

Saying Goodbye at the Crematorium

By prior appointment, you and your family are welcome to attend the cremation of your pet to say your final goodbye in the privacy of our Chapel of Rest. On the day we will provide you with comfort and support and after the cremation you will be able to take the ashes of your pet home with you.

Communal Cremation

Keep beloved companion pets together forever

Your pet will be cremated alongside other pets, with the ashes interred in our peaceful cemetery. A certificate of cremation can be provided, if requested.

With communal cremation there is no return of ashes. Whilst all cremation options offer a dignified service, we encourage you to consider them carefully to ensure that the service is right for you and your pet.

Please contact **Silvermere Haven** to discuss any aspects of your pet's final care.

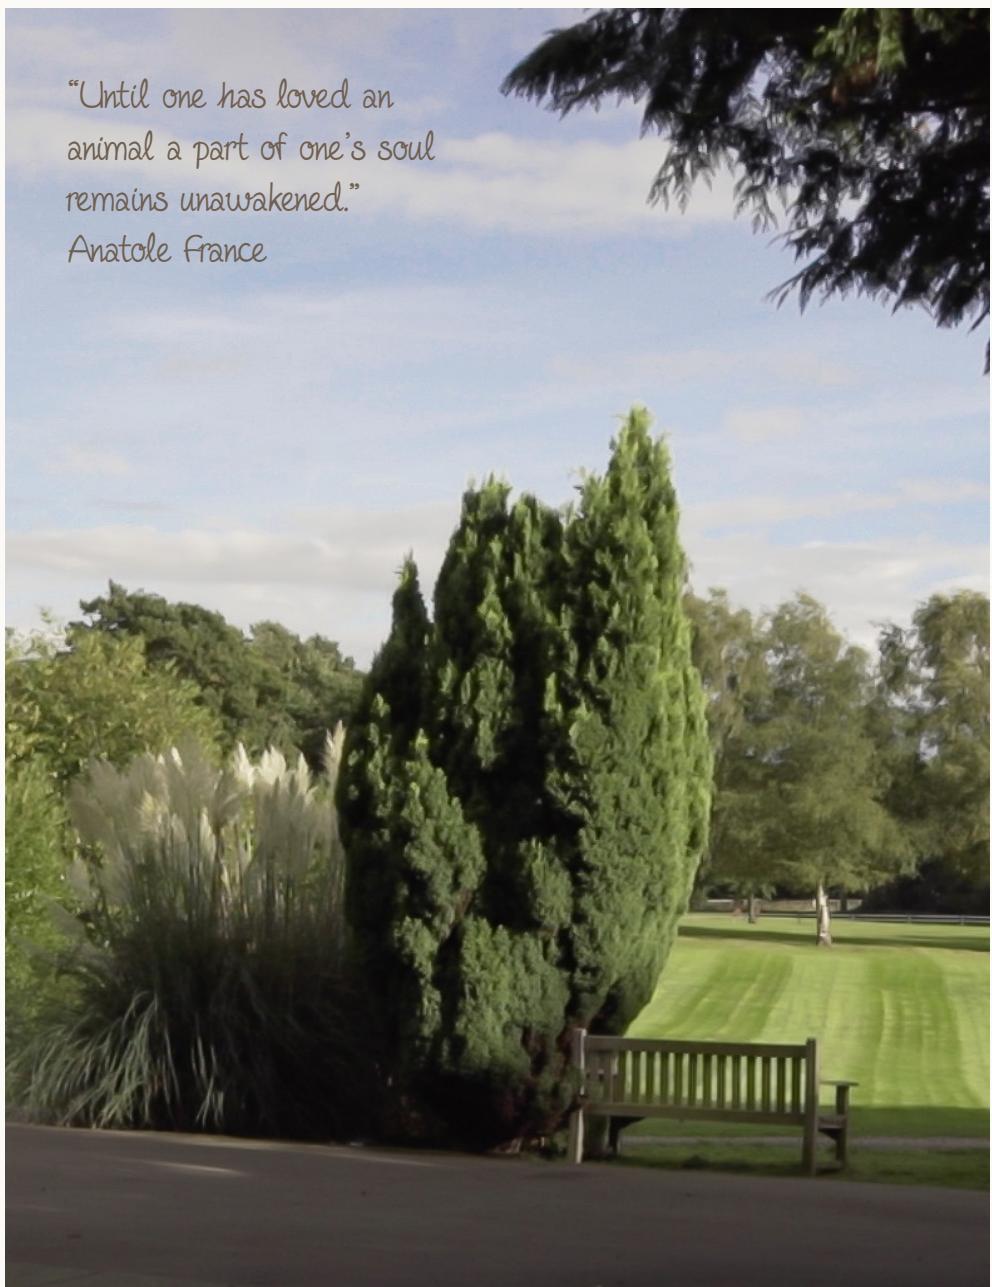

" The Corps family would like to take this opportunity to thank you for the wonderful care you provided for Sasha. Because of your warm welcome, the day wasn't a sad one but one filled with joy and smiles. Sasha had the best in life and the best at the end. " The Corps family

Pet Cemetery

Interment and Burial

Many pets have been laid to rest in our tranquil pet cemetery set in eleven acres of peaceful meadow and woodland.

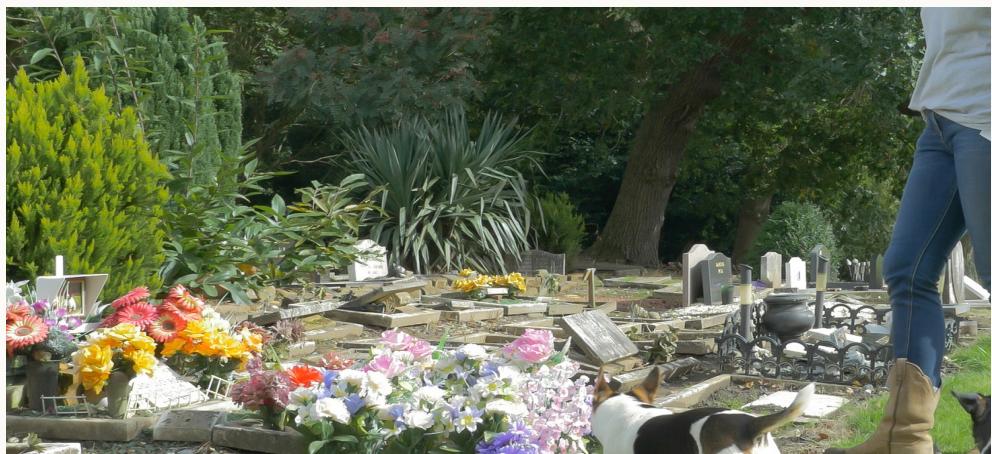

You may wish to inter your pet's ashes in our beautiful grounds. Single and family plots are available, and human ashes can be interred alongside pet's ashes.

With our burial service, your pet is carefully laid in the Chapel of Rest in a fully lined coffin. Here family members can say their final farewell before your pet is interred in a prepared grave in the cemetery, with a graveside service.

Memorials

From a simple memorial stone to an ornamental headstone, inscribed with any message, our range of memorials will provide a lasting reminder of a true friend.

Contact **Silvermere Haven** to discuss your wishes, where we can help you mark your pet's passing.
